

# How to Succeed Set Design

# General themes:

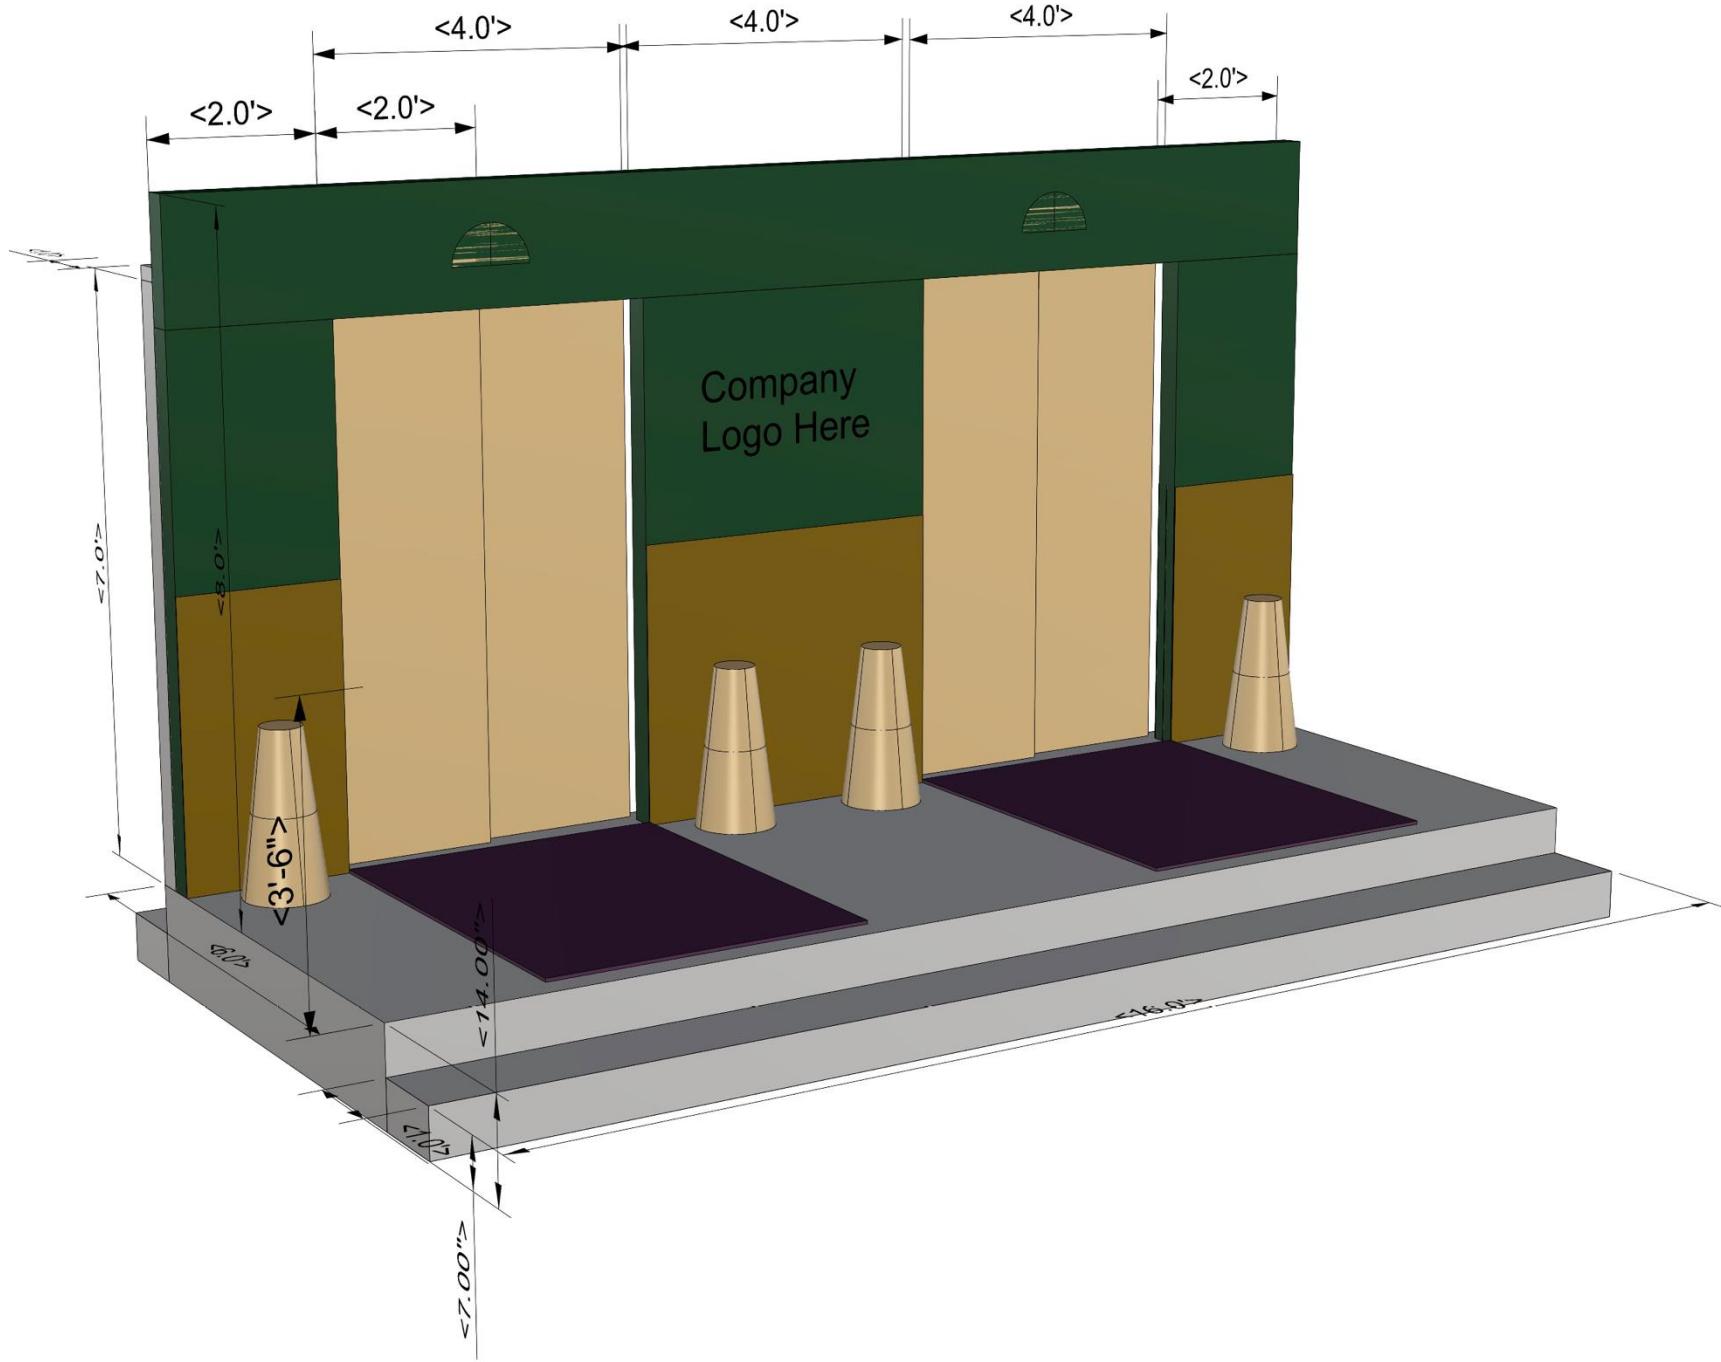

- Over exaggerate the richness of the company
- Colors of Green, Gold, Purple, Rich Woods
- Offices are clean, bright, beautiful
- Mail Room is Dingy and Dirty

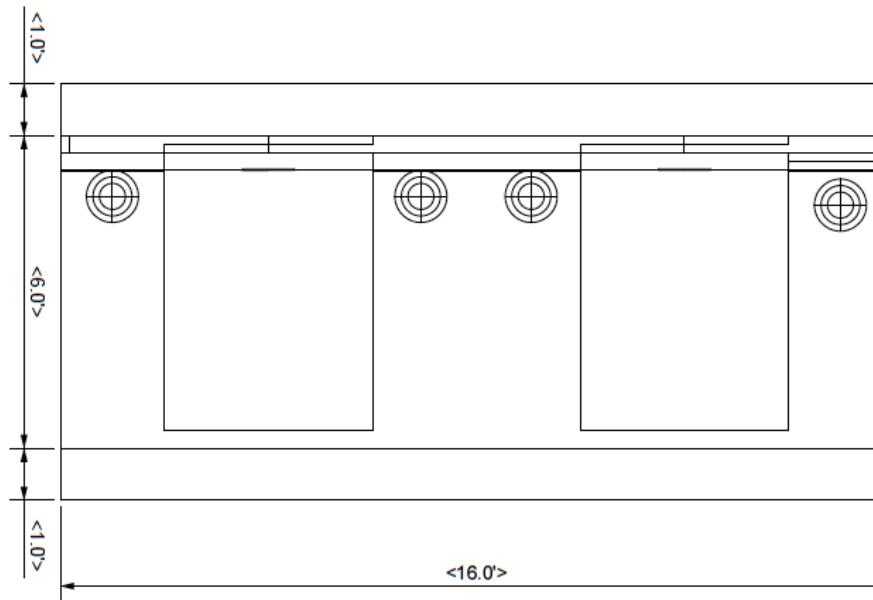

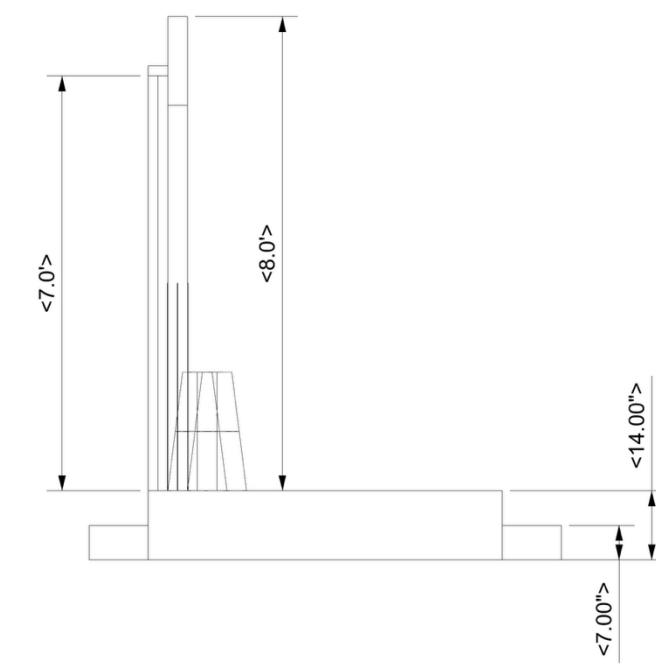

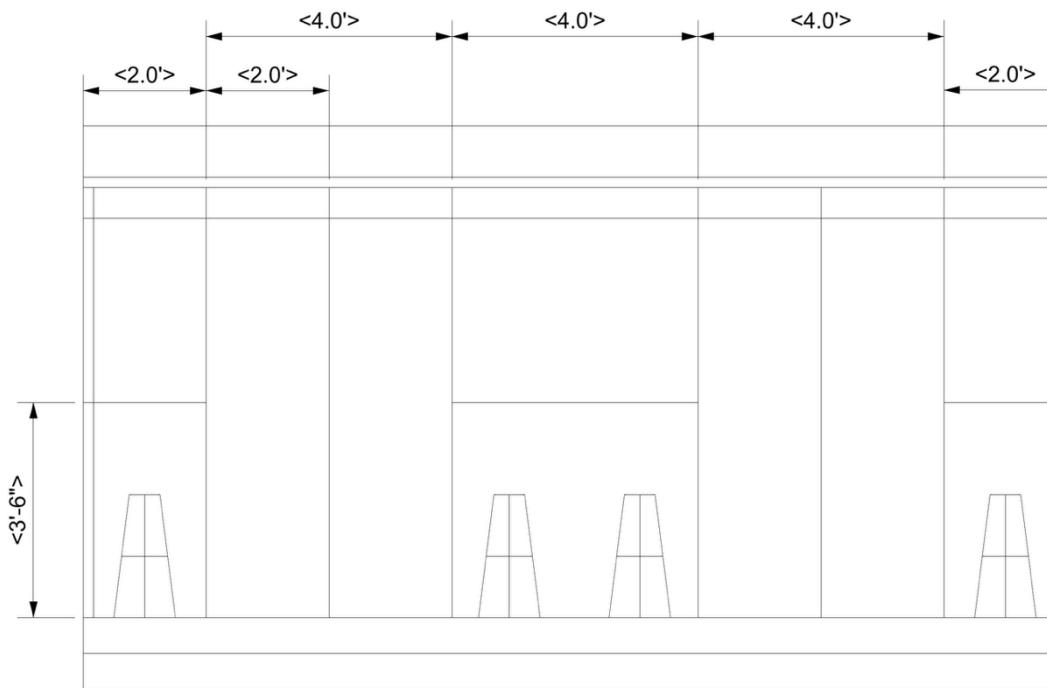

# Elevator Lobby

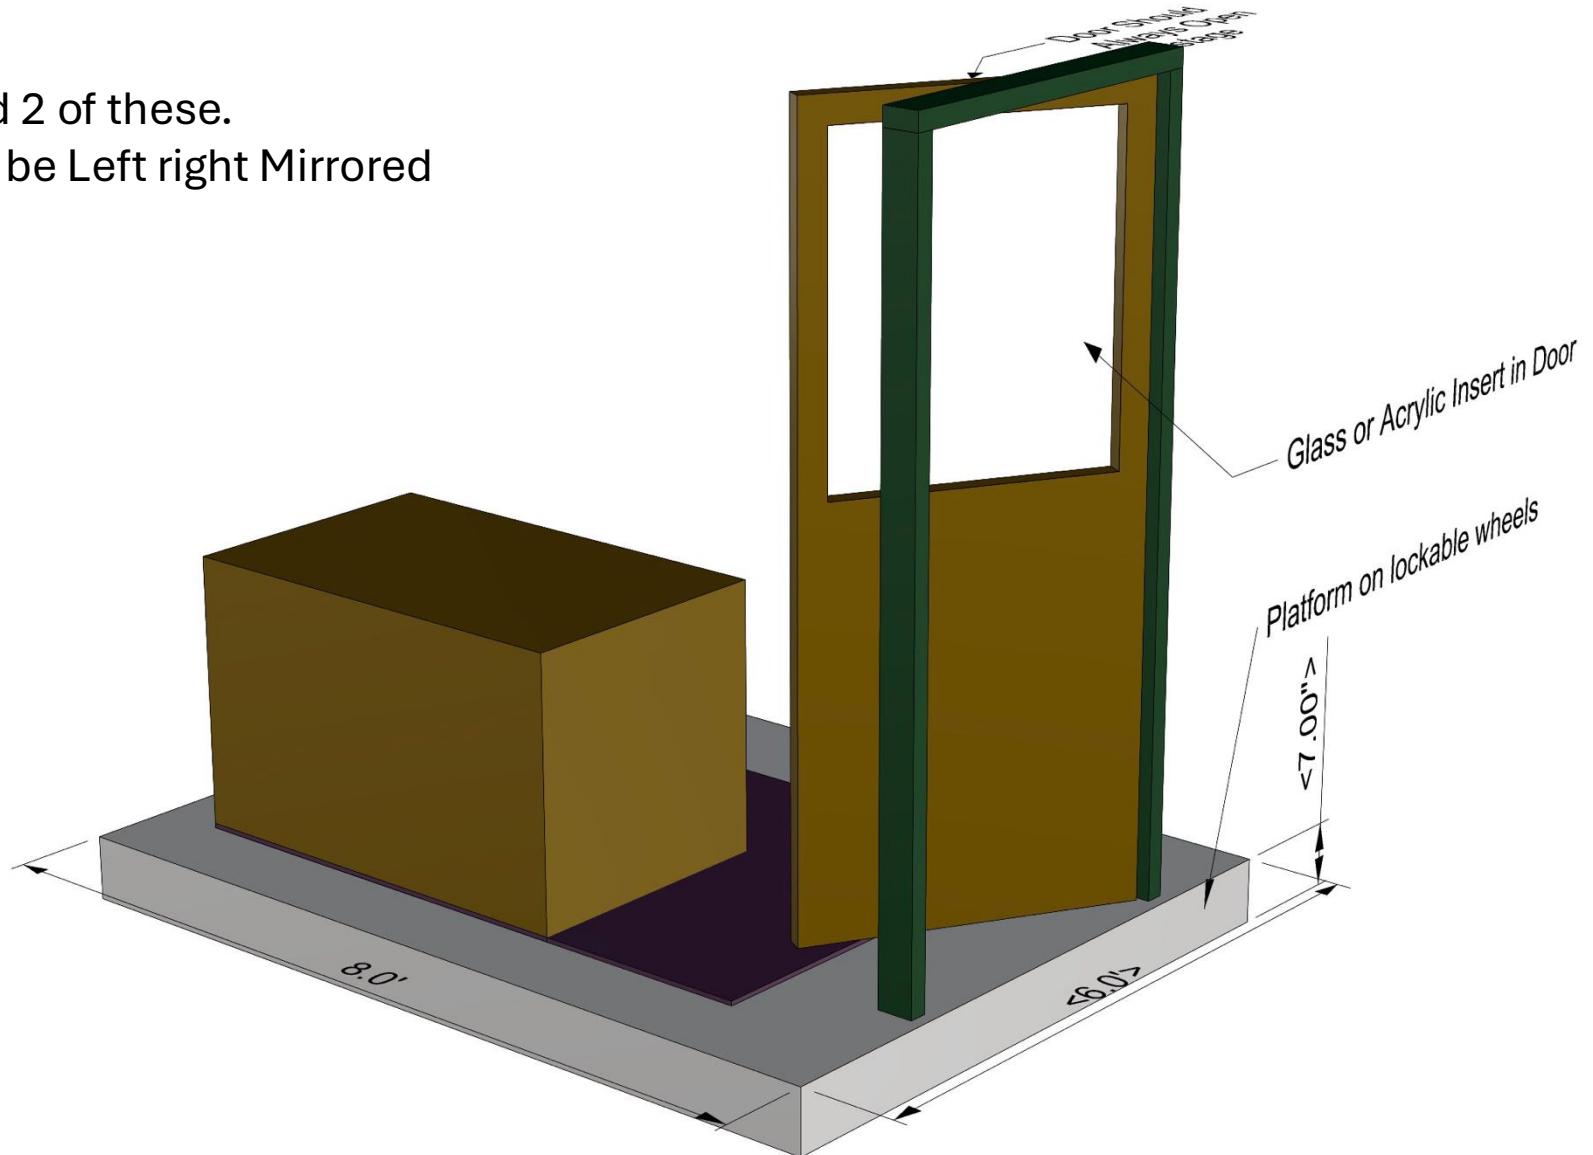

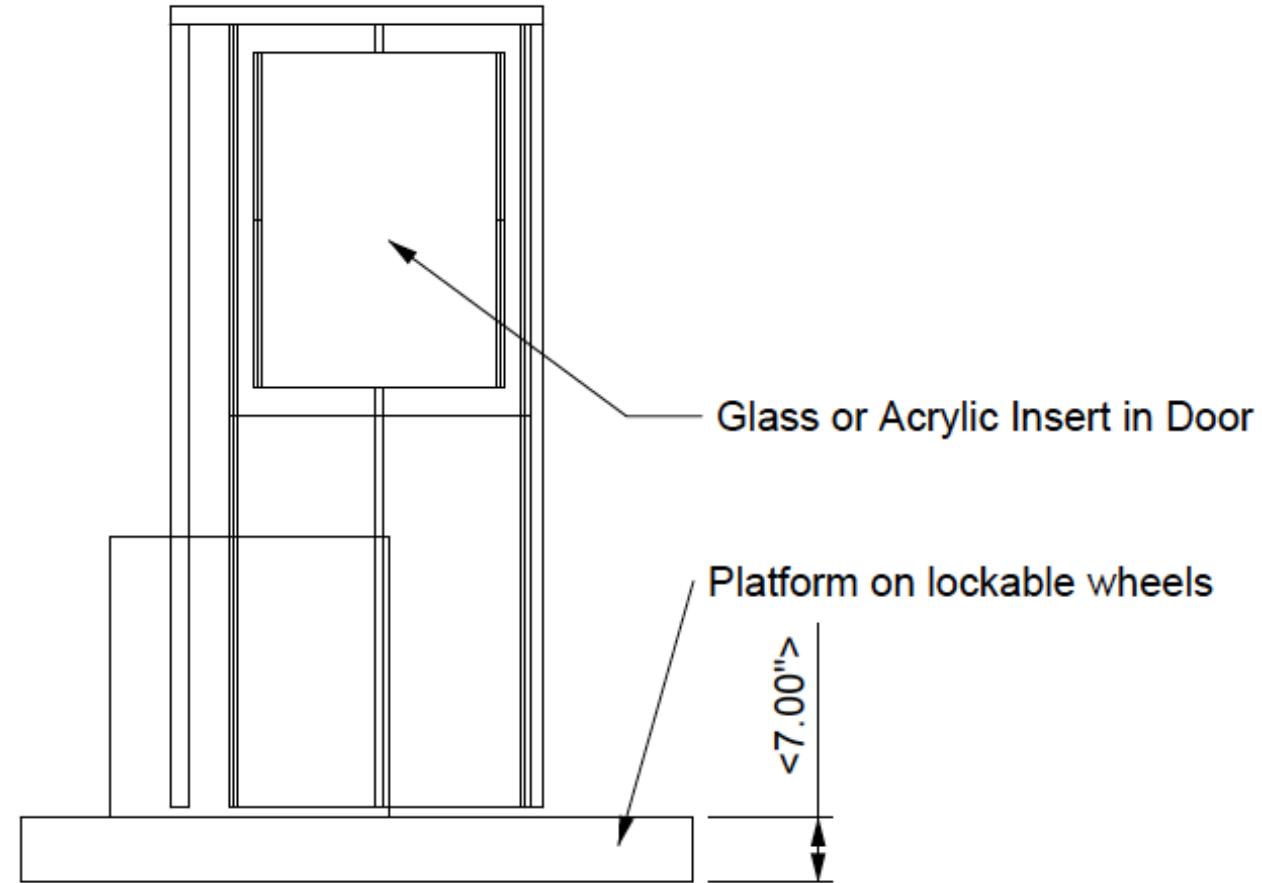

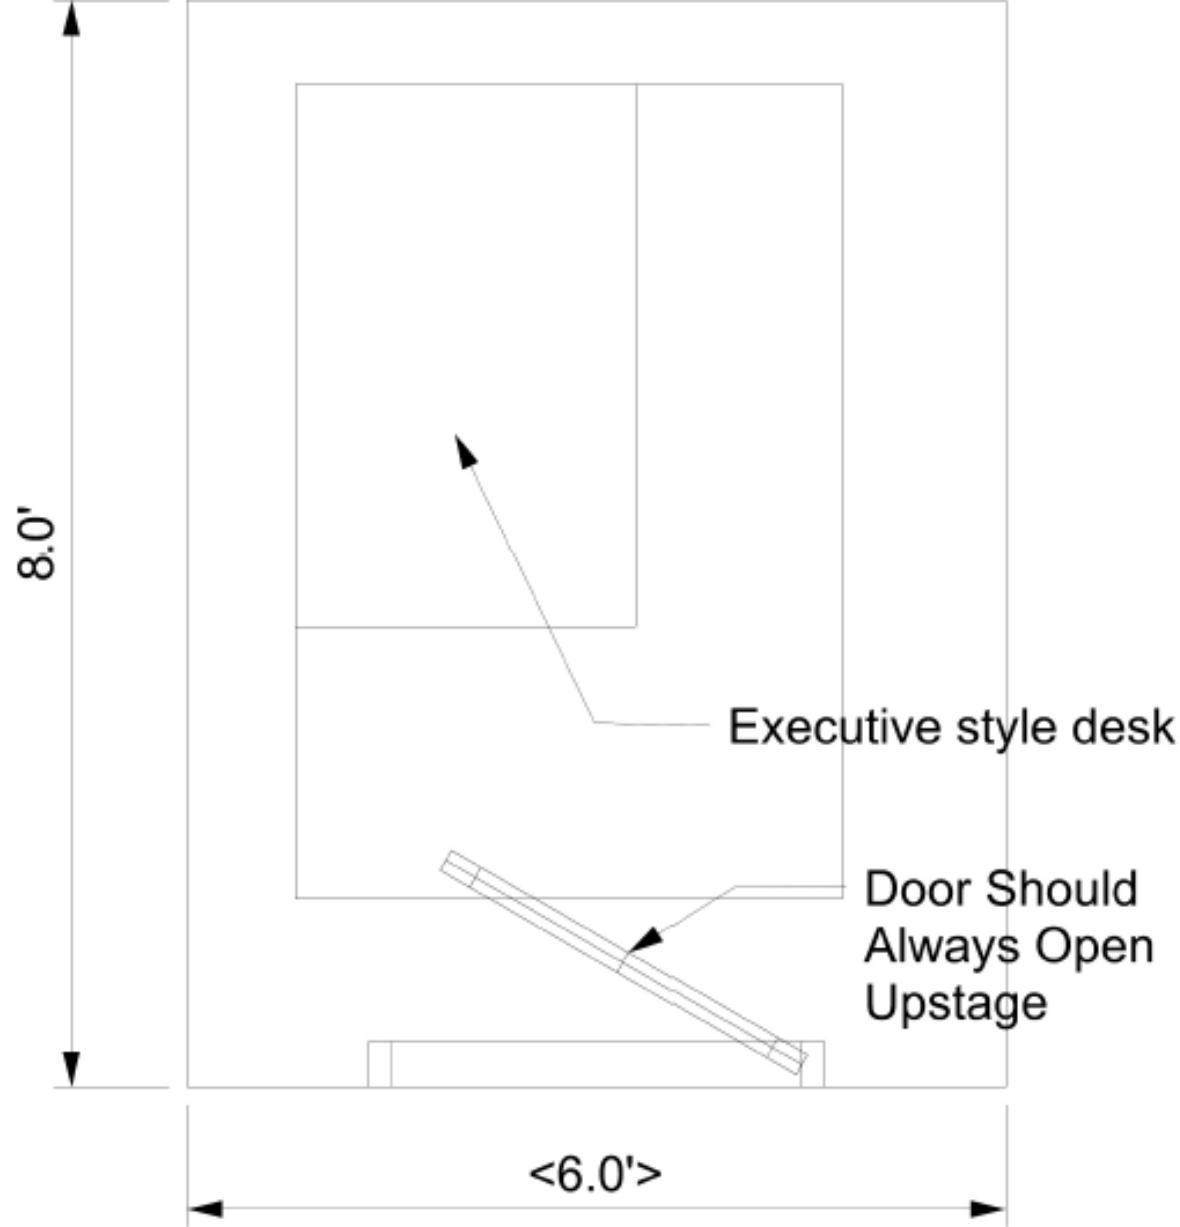

Platform will be on Lockable wheels

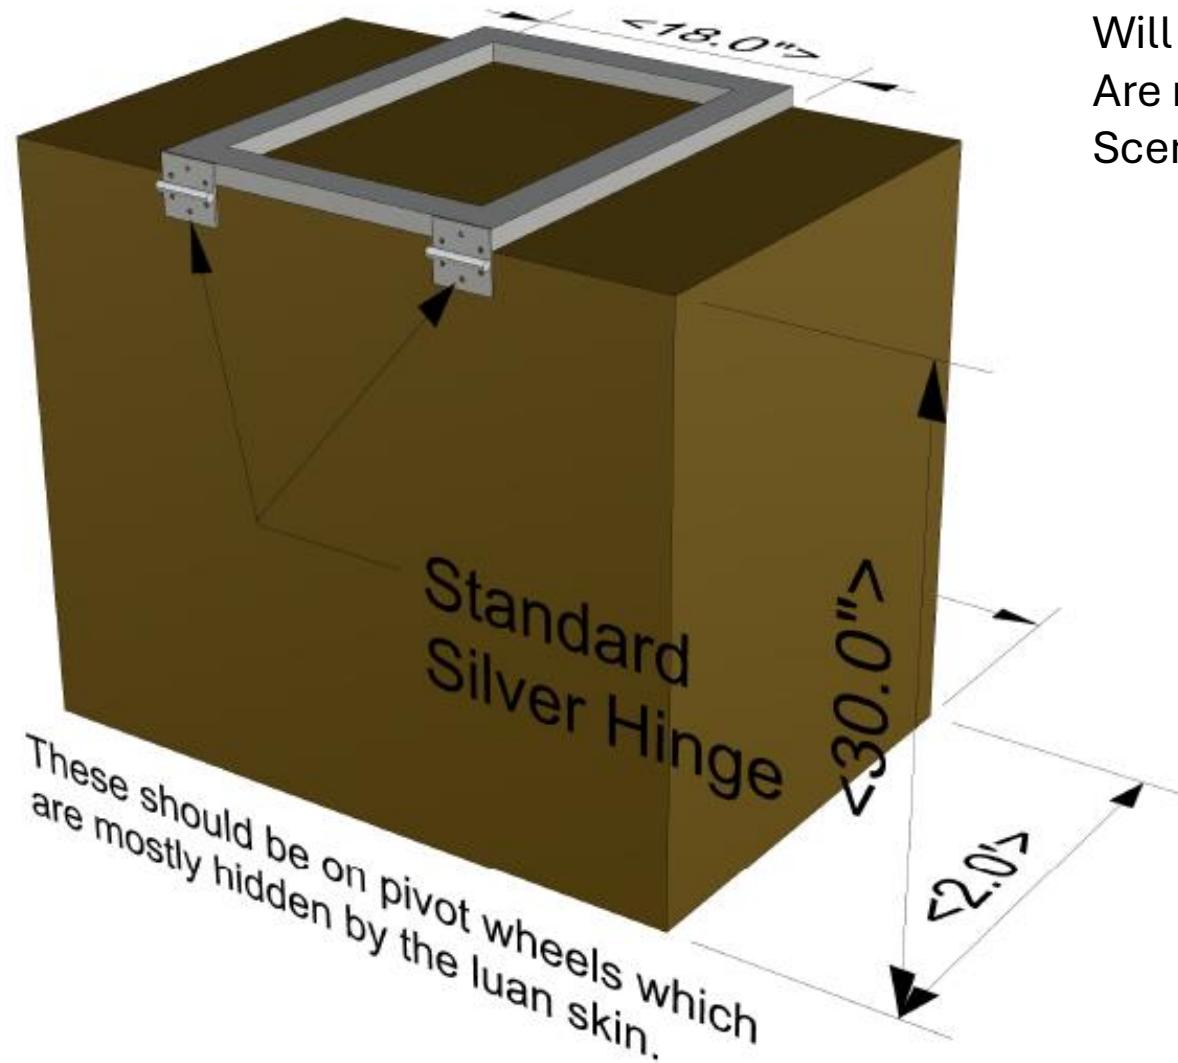

# Executive Offices

Will need 2 of these.  
They will be Left right Mirrored

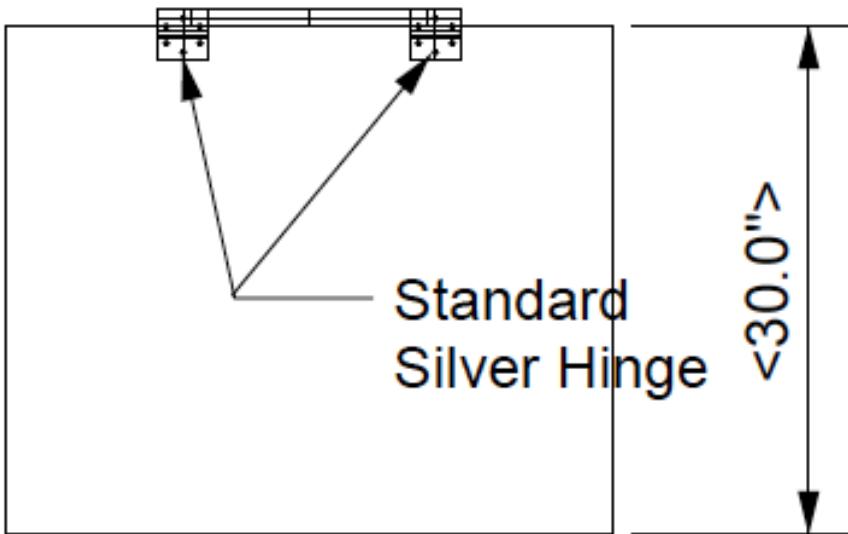

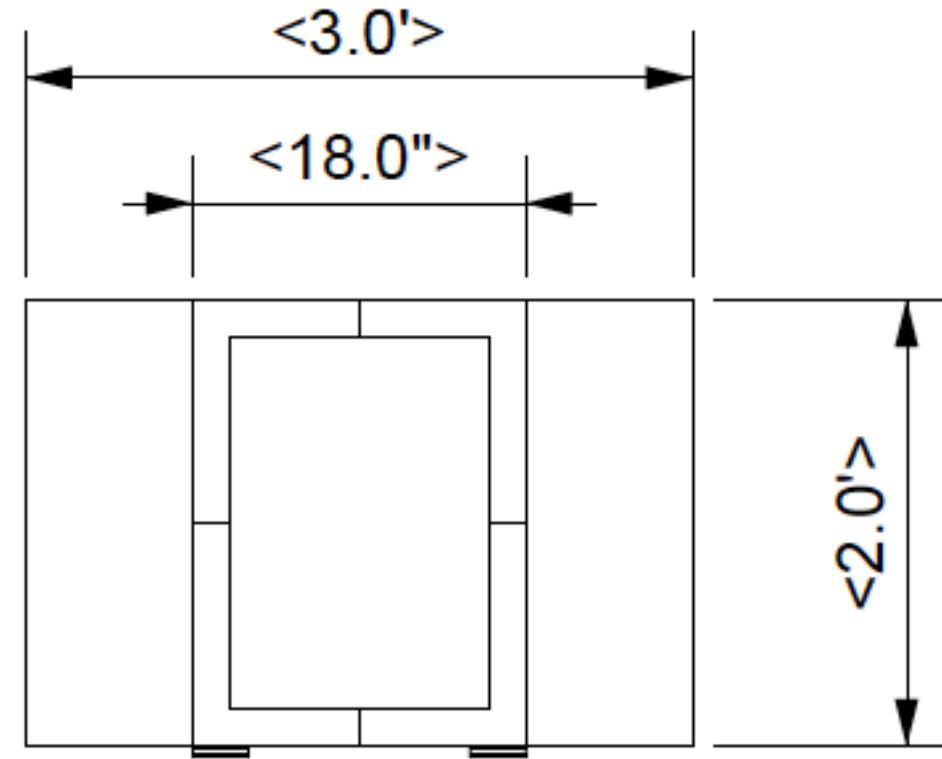

# Worker's Desks / Vanities

Will need as many of these as there  
Are men who are in the Washroom  
Scene.

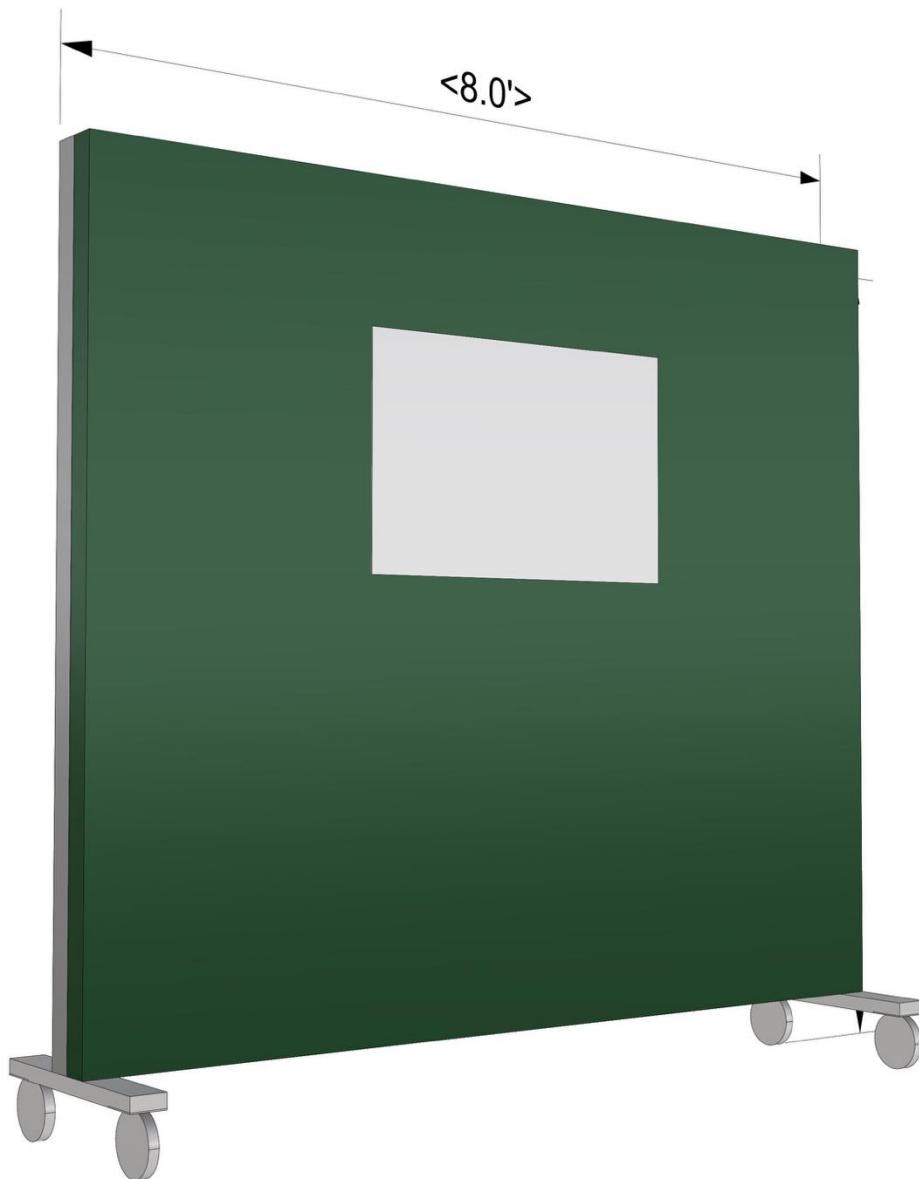

These should be on pivot wheels which  
are mostly hidden by the luan skin.

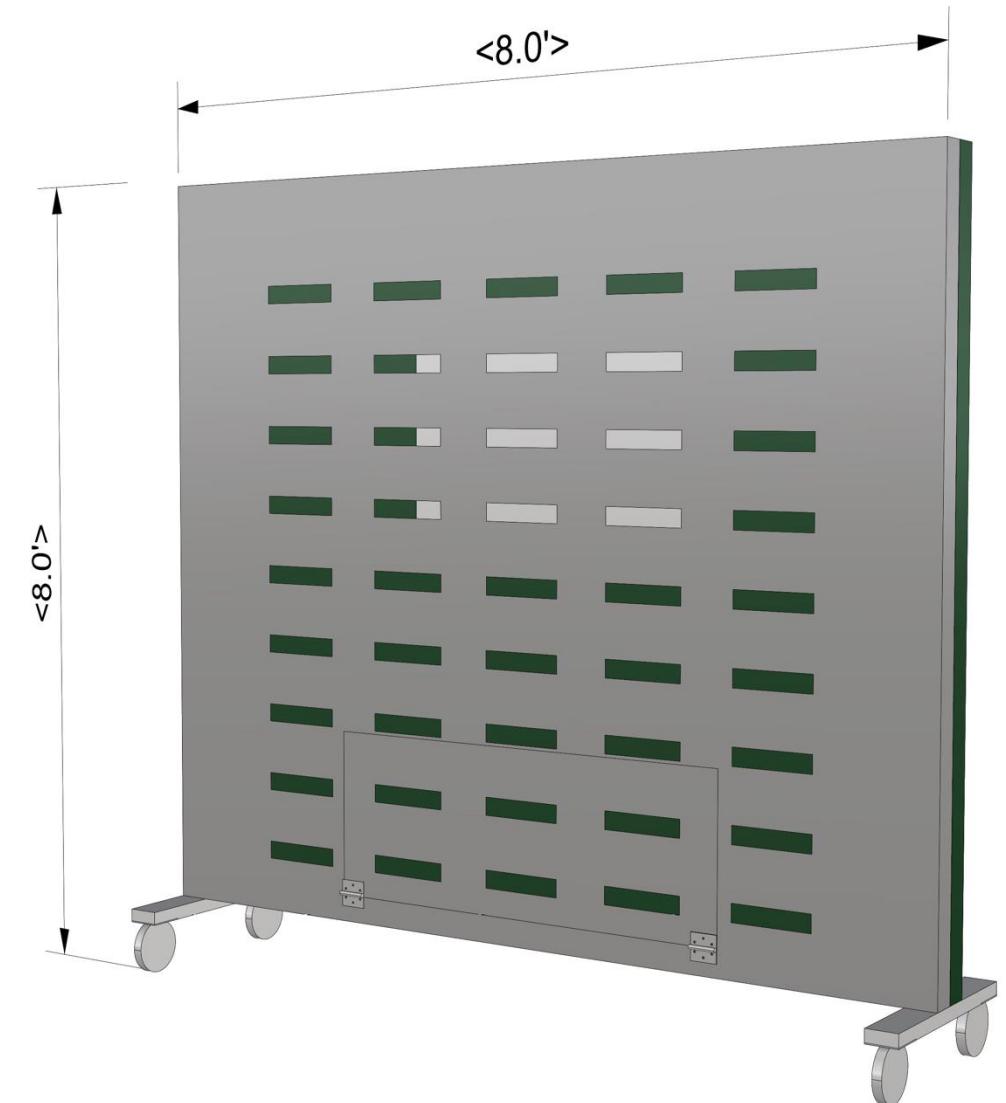

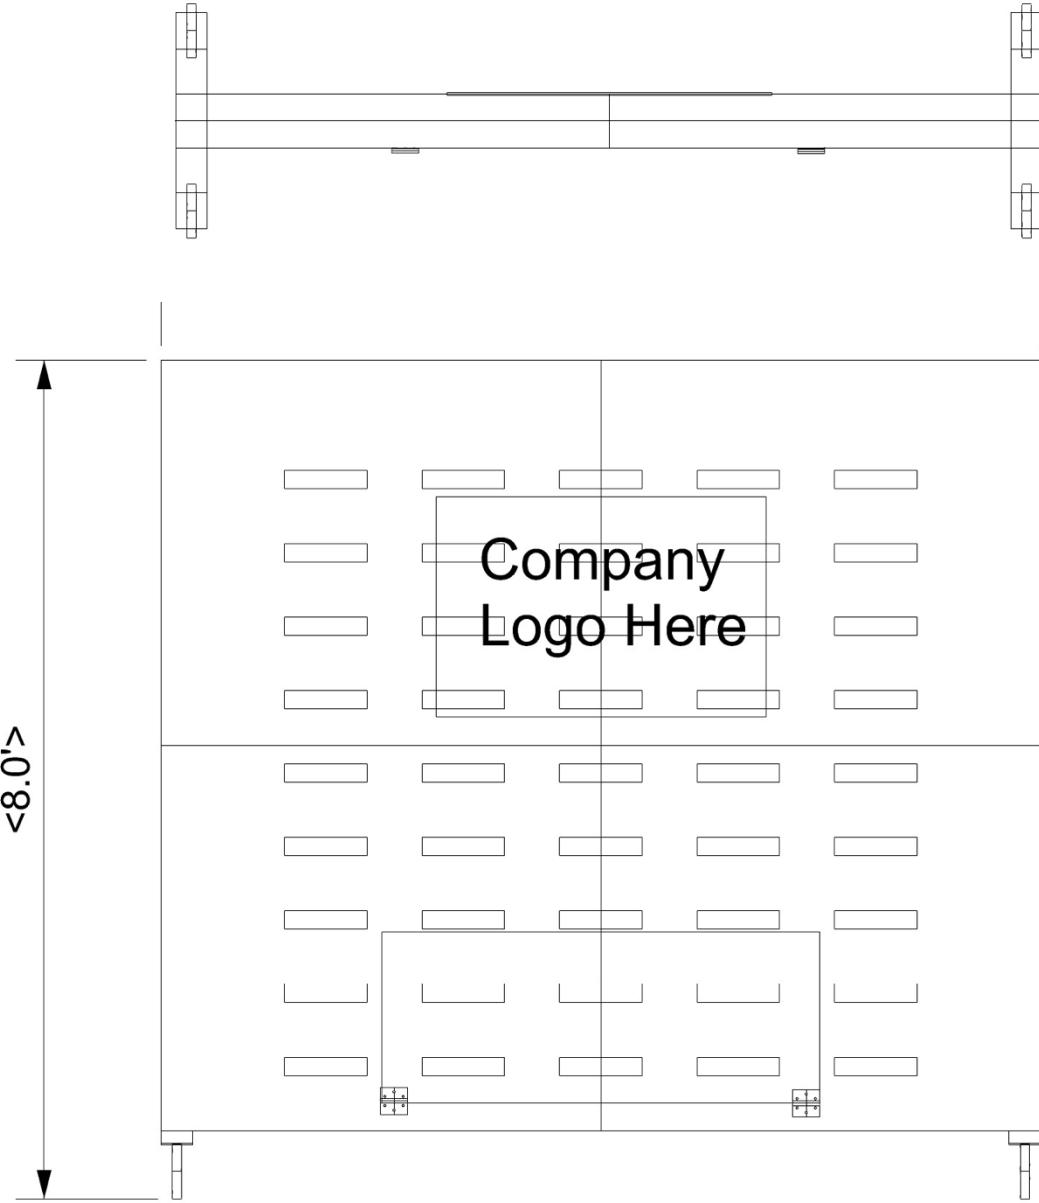

Movable 2-sided wall

Side 1 - TV Studio

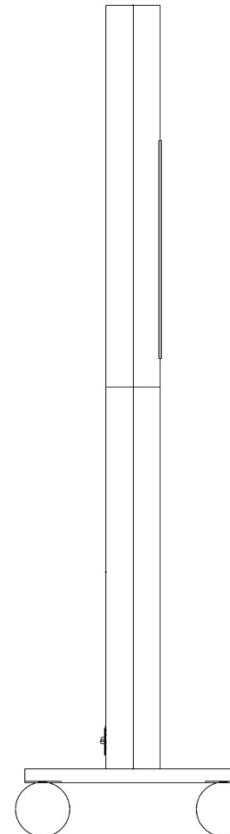

Side 2 - MailRoom

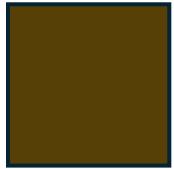

Mail Room Side should have a foldable panel to Allow access inside to remove the mail dropped into the slots.

Mail Room side should appear dirty and in disrepair. Maybe some rust on the corners, broken signs, x's of tape over broken slots, etc.
